Note:—In the preparation of the maps of the Gwalior State as a whole and of the Zilas, the Gazetteer Officer has included, against instructions, the guaranteed areas of the States and Estates given below and coloured them in the same colours as the State *jāgīrdārs*. They do not form part of the Gwalior State proper and should be considered as distinct from the State areas.

GWALIOR STATE GAZETTEER.

PART II.

PREFACE.

PART II of the Gazetteer contains maps of the entire State, districts, and one of the Capital with its environs. These maps are all based on those of the Government Trigonometrical Survey, but have been carefully compared with the Revenue Survey maps and brought up to date.

This revision entailed great labour, as a good deal of the checking had to be done on the spot, necessitating special tours on the part of the Gazetteer Officer and his assistants.

This part, though carried out at my suggestion, was not included in the scheme for the State Gazetteers as sanctioned by Government. His Highness the Mahārājā Sindhia, however, recognising the value of such a publication, at once accorded his approval, and the work was placed in charge of the Gazetteer Officer who acted in concert with the Revenue officials. The work was completed after I had proceeded on leave to England, and its direction fell, therefore, on Rāi Sāhib Dwārka Nāth who has taken infinite trouble to ensure accuracy. The checking was in great part done by Munshi Latīf Ahmad, Assistant Gazetteer Officer, Munshi Asgar Ali, Draughtsman and Photographer, and Munshi Har Narain Saksena, Head Clerk of the State Gazetteer Office, who spared no pains to secure all possible accuracy.

C. E. LUARD, CAPTAIN,

Superintendent of Gazetteer in

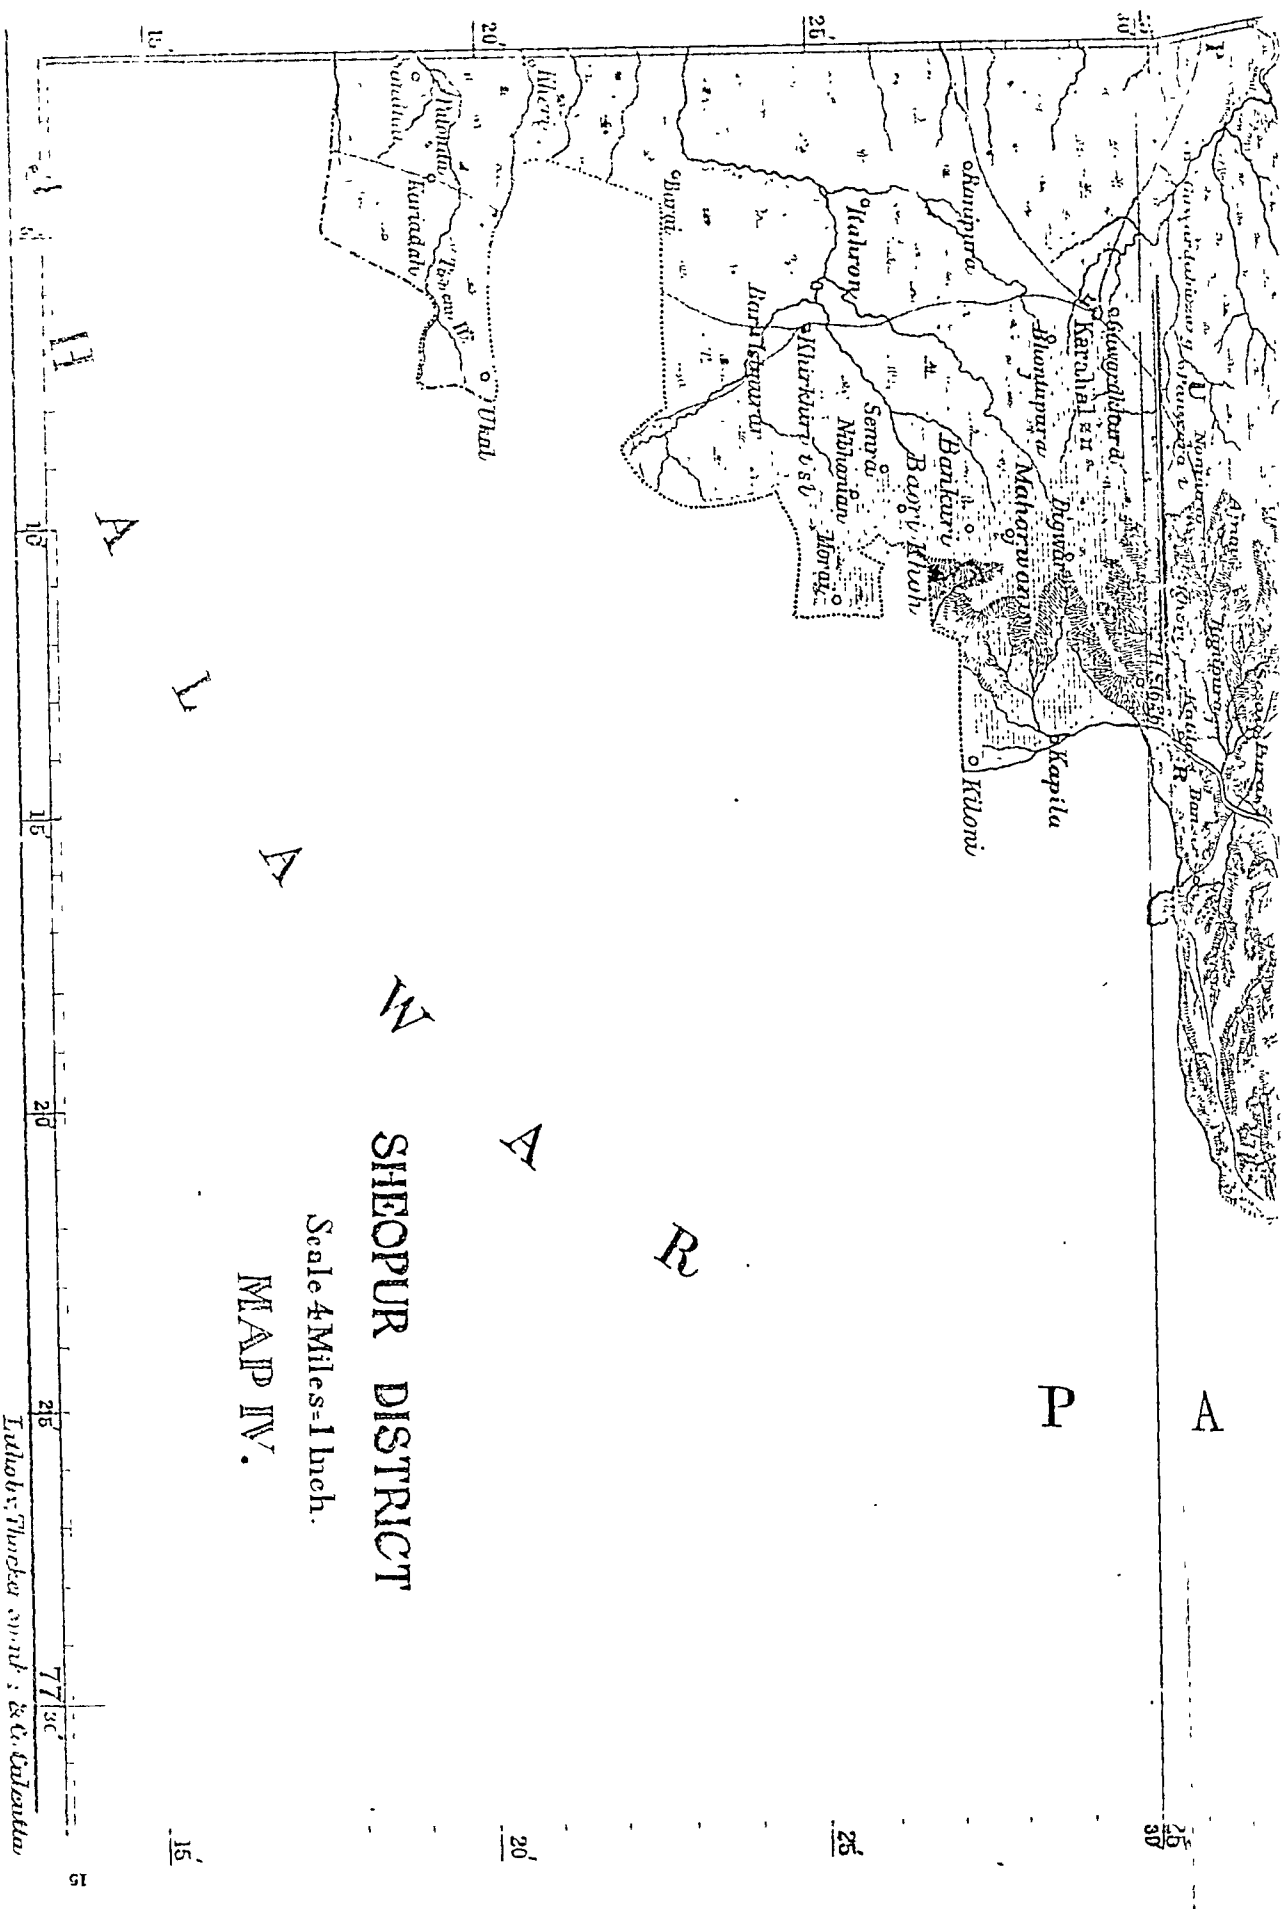

Central India.

November, 1907.
